

# DATASHEET

# STCS

# VMir+ UV

The STCS-VMir+ UV is an upgraded version of the standard eMir+ with a built-in vision system to better control the entire process.

It allows automatic quality checks like the presence and position of components, contaminated terminals, or glue overflow.

This machine can be used on several applications since it's equipped with a fast exchangeable shrinking fixture mechanism and the vision system can be configured for different kinds of products.

Reference of the product

Technology  
 Infrared

> Media for this machine

Vision system for better control of the process

Communication features such as Ethernet and USB

Dual fixture configuration to increase the output

Touchscreen technology

## Technical Data

### WORKING TEMPERATURE

|                       |                   |
|-----------------------|-------------------|
| Min - Max [°C] / [°F] | 250-500 / 482-932 |
|-----------------------|-------------------|

### SHRINKING TIME

|               |       |
|---------------|-------|
| Min - Max [s] | 1-100 |
|---------------|-------|

### MEASUREMENTS

|                                      |                                      |
|--------------------------------------|--------------------------------------|
| Width; Length; Height<br>[mm] / [in] | 1335; 591; 830 /<br>52.6; 23.3; 32.7 |
|--------------------------------------|--------------------------------------|

|                     |           |
|---------------------|-----------|
| Weight [kg] / [lbs] | 55; 121.3 |
|---------------------|-----------|

### POWER SUPPLY/CONSUMPTION

|        |                |
|--------|----------------|
| Supply | 230 [V] @ 50Hz |
|--------|----------------|

|             |                                |
|-------------|--------------------------------|
| Consumption | 500 [mA] to 14 [A] (Max.3200W) |
|-------------|--------------------------------|

### PNEUMATIC

|        |                           |
|--------|---------------------------|
| Supply | Quick Hold Socket Ø8 [mm] |
|--------|---------------------------|

|                 |                                 |
|-----------------|---------------------------------|
| Supply Pressure | Min: 5bar; Max: 7bar; Rec: 6bar |
|-----------------|---------------------------------|

### CONNECTIONS

|                |     |
|----------------|-----|
| Barcode Reader | USB |
|----------------|-----|

|                    |                     |
|--------------------|---------------------|
| Temperature Sensor | Type K Thermocouple |
|--------------------|---------------------|

|            |                  |
|------------|------------------|
| Power Line | 1 IEC C20 Socket |
|------------|------------------|

|             |   |
|-------------|---|
| Programming | Touchscreen, Barcode Reader,<br>External Device |
|-------------|---|

|           |                             |
|-----------|-----------------------------|
| Interface | Touchscreen, Buzzer and LED |
|-----------|-----------------------------|

### SHRINKING CHAMBER

|                               |                              |
|-------------------------------|------------------------------|
| Shrinking Chamber [mm] / [in] | 100; 225; 55 / 3.9; 8.9; 2.2 |
|-------------------------------|------------------------------|

|                            |              |
|----------------------------|--------------|
| Min-Max Tube Ø [mm] / [in] | 0-45 / 0-1.8 |
|----------------------------|--------------|

|                                 |               |
|---------------------------------|---------------|
| Min-Max Tube Length [mm] / [in] | 0-200 / 0-7.9 |
|---------------------------------|---------------|

|                             |              |
|-----------------------------|--------------|
| Min-Max Cable Ø [mm] / [in] | 0-45 / 0-1.8 |
|-----------------------------|--------------|

|                                  |   |
|----------------------------------|---|
| Min-Max Cable Length [mm] / [in] | - |
|----------------------------------|---|

### CALIBRATION

|                   |                  |
|-------------------|------------------|

|-------------------|------------------|

## Features

- Adjustable parameters: process temperature, shrinking time, cooling time, etc.;
- Easy and fast replaceable shrinking chamber;
- Two different operating modes: M1 with temperature and shrinking time control; and M2 with pre-programmed references (999 in total);
- The pre-programming of references can be done manually, using a PC with STCS-RCT software or using a USB stick;
- Vision system for accurate process control;
- Validations like presence and position of components, glue overflow and terminal contamination;
- Easy firmware upgrade using a USB stick;
- Use of labels for each shrinking time inside a reference;
- Built-in cooling system;
- Manual and automatic calibration;
- Programming mode password protected;
- Special maintenance mode for hardware debug;
- External temperature probe connection for temperature reading and offset adjustment;
- Working time counter and partial and total cycle counter;
- Communication with ultrasonic welding machines;
- Network communication;
- Interchangeable system language including: English, Portuguese, French and Spanish (others on demand).

## Options

- Custom shrinking fixture
